Public (Resettlement) Dept

P.W.R. - (Bellary) - Bellary taluk - Bell village - Land Colonisation Scheme for ex-servicemen - dropping of.

...

Issued as Memo.No.5093/47-1, dated 8-11-47.
From the D.R.E. Madras Letter Y/C 2142/45-19 dated 1-12-47.

...

Please see the Memo. to the D.R.E. at pp.1-/2 c.f. and his letter at page 3 c.f. The D.R.E. reports that the lands are fit only for cultivating dry crops, that it is not possible to tap copious supply of water for irrigation purpose, and that the cost of making drinking water available to the colony will be very prohibitive. As the colony is situated in a famine-stricken area it will not be successful even as a dry scheme. In the circumstances this Department may agree with the D.R.E.'s recommendation that the Scheme be dropped. No expenditure appear to have been incurred on the scheme. It may however be ascertained from the D.R.E. A draft order is submitted for approval.

With reference to the memos cited above, I submit that I inspected the colonisation area in Bellary village on 29/11/47 along with my Assistant Director Mr.B. Joogappa. It is located between the 3rd and 4th mile from Bellary on the Hospet Road. The lands are fit only for murgari crop such as Sajja, Korra, Cholam, Pulses and Groundnut. This block is not likely to be irrigated by the Thungabhadra Project as the High Level Canal Scheme has not been taken up. It is not possible to tap copious supply of water for irrigation purposes now. In this area an irrigation well costs about Rs.4,000/- and it can irrigate only about 2 to 3 acres of garden crops. To bale out water from each well two pairs of bulls will be required - each pair costing about Rs.800/- to Rs.1000/-. The possibility of obtaining pipe water from the Municipal works to the colony for drinking purposes has also to be excluded as its cost will be prohibitive.

2 Even as a dry scheme it will not be successful. It will engage the colonists only for a few days in a year. Besides, it is a famine-stricken area, where crops fail once in two or three years. People also are not enthusiastic about the scheme. Inspite of repeated attempts made by the Special Assistants it has been possible to enrol only six members so far. In the circumstances, I consider that no useful purpose will be served by pursuing it further and that it should be dropped for the present. I have consulted the Collector. He agrees that no useful purpose will be served by persuing further. I therefore request that this scheme may be ordered to be dropped.
